TENDER ENQUIRY

To

---

---

---

Dear Sirs,

Reference: - TENDER ENQUIRY NO. 3521-2-6-54-FP-Capt-Pur-AA, dated 06-12-2024

You are requested to submit sealed quotations for the item noted on the Schedule to the Tender. Please note the following instructions for filling the tender:-

1. **SUBMISSION OF TENDER**

- 1.1 Tenders will be opened at 1230 hours on 13-01-2025 and must reach at Bid Centre adjacent to Rabita Hall at least half an hour earlier than the opening time on same date. You may witness the opening of the tender if you so desired. If a representative is deputed, he should bring a letter of authority from you. The tender received late will not be entertained.
- 1.2 Only one tender should be included in one envelope. The outside of the envelope should be inscribed with: -

Tender Enquiry No: 3521-2-6-54-FP-Capt-Pur-AA, dated 06-12-2024

Tender to be opened on: 13-01-2025

Address as follows:-

**BID Centre Adjacent To Rabita Hall  
Managing Director  
Artillery Ammunition Factory  
Pakistan Ordnance Factories,  
Wah Cantt, Pakistan.  
Fax : 051-9314100 & 051-9271400  
Email : [mdaa@pof.gov.pk](mailto:mdaa@pof.gov.pk)**

- 1.3 If envelope do not indicate reference of TE or received late, the same will be returned un-opened.

Contd...

1.4 **EVALUATION CRITERIA.**

All the technical proposals will be evaluated / scrutinized initially and commercial Proposals of only those bidders will be opened who will be technically prequalified / accepted. Accordingly, Order / Contract will be awarded to most advantageous bidder on the basis of bid qualification criteria (Annex-D).

2. **GENERAL INSTRUCTIONS REGARDING PREPARATION OF QUOTATIONS**

2.1 For Plant & Machinery, you are required to quote in two parts:-

**Part-I "TECHNICAL OFFER"** It should exclusively give technical details and literatures/brochures of the offered plant, machinery and equipment; validity date; delivery schedule; and signed undertaking given on the schedule to this Tender Enquiry and country of origin should be clearly mentioned. It must not indicate price, costs etc.

**Part-II "COMMERCIAL OFFER"** It should indicate the commercial terms e.g. price, terms of payment, mode of payment, mode of supply.

Each part should be placed in a separate sealed cover. The envelope should be inscribed with Part-I "Technical Quotation without Price" and Part-II "Commercial Quotation with Price".

- 2.2 The Tendering procedure as laid down in PPRA Rule No. 36(b) i.e. Single Stage two envelopes will be applicable.
- 2.3 The quotation must remain valid for, at least 120 days from the date of opening of tenders (Commercial Offers).
- 2.4 The quotation should hold good for any reduced or enhanced quantities without notice.
- 2.5 In the event of non-acceptance of offer, intimation may be given to the Tenders on their request.
- 2.6 Conditional offers or alternative offers are likely to be ignored.
- 2.7 Quotations should be based on FOB. The consignment will be shipped through Pakistan National Shipping Corporation (PNSC). In case there is no PNSC service in the country of shipping, please quote on C & F basis. The freight should be indicated separately. Insurance premium should not be included in the quoted price. However, where insurance is considered necessary, advice to that effect should be given in the quotation.
- 2.8 Submission of the offer through an agent in Pakistan should be avoided. In case it is considered inevitable, the agent's quotation must invariably be accompanied by the original proforma invoice from the principals/ manufacturers. **However, contract will be placed on principals / manufacturers.**
- 2.9 Country of origin and port of shipment to be stated.
- 2.10 The offer of principal must clearly indicate whether the rate quoted is inclusive of agent's commission, and if inclusive rate of commission included be specified.
- 2.11 Supplier will render necessary information regarding hazardous effects on environment, of the materials/products supplied by them, in their quotations and shipping/dispatch documents.
- 2.12 The Supplier will furnish a declaration regarding fees, commission and brokerage / environmental effect etc payable by the firm along with shipping documents.
- 2.13 If the requisite information is not furnished on the TE form or offer received is not in conformity with the requirement of the TE, the offer shall be ignored.

Contd...

3. **INSPECTION**

- 3.1 Pre-shipment inspection / acceptance of machines at OEM's premises will be conducted by 02 x POF Officials for 01 x week starting along with training team. The inspection team besides others will particularly carry out trial run of the machines and it will be considered acceptable subject to straightening of 100 x bars on each machine.
- 3.2 The machines after installation and commissioning shall be accepted on firm's warranty / guarantee. The warranty / guarantee shall be binding on the supplier for a period of 12 x months reckoning from the date of FAT of the machines.

4. **ACCEPTANCE OF OFFERS**

- 4.1 The procuring agency may reject all bids or proposals at any time prior to the acceptance of a bid or proposal. The procuring agency shall upon request communicate to any supplier or contractor who submitted a bid or proposal, the grounds for its rejection of all bids or proposals, but is not required to justify those grounds.
- 4.2 Procuring agency shall incur no liability, solely by virtue of its invoking sub-rule (1.1) towards suppliers or contractors who have submitted bids or proposals.
- 4.3 Notice of the rejection of all bids or proposals shall be given promptly to all suppliers or contractors that submitted bids or proposals.

5. **BID SECURITY**

- 5.1 A copy of bid security should accompany the tender in shape of deposit at call receipt / Pay order / Banker Cheque from schedule bank drawn in favour of **GM-Maint & SVS-AA (POF Wah Cantt)**.
- 5.2 Bid Security Instrument in original must accompany with the commercial offer as under:-
- i. Registered / indexed firms including foreign firms – 2% of quoted value subject to max ceiling of Rs. 0.50 Mn.
  - ii. Registered / un-indexed firms including foreign firms – 3% of quoted value subject to max ceiling of Rs. 0.75 Mn.
  - iii. Un-registered firms including foreign firms – 5% of quoted value subject to max ceiling of Rs. 1.00 Mn.
  - iv. Government organization / production units / state owned enterprises / welfare projects of Svcs HQ – Rs. 50 Mn. can be waived off on request by DG(C).
  - v. Bid money will be returned to un successful (less first three lowest quote firms) bidders on opening of commercial offers.
  - vi. Bid money will be returned to successful bidder on submission of performance bond / unconditional BG.
  - vii. Quotation accompanied with less bid money will be accepted on provisional basis for 10 x days after opening of bids. However, the firms are bound to provide / furnish the balance bid money within 10 x days after opening of bid otherwise such quotations will be ignored or rejected.
  - viii. Offers received without bid security will not be entertained.
  - ix. Bid money will be forfeited in case the quotation is withdrawn before the expiry of its validity date.

Contd...

6. **PERFORMANCE BOND**

- (a) The successful bidder will provide Performance Bond at the rate of 10% of FOB value of the contract in favour of Controller of Military Accounts (CMA), Wah Cantt. The Performance Bond will be furnished in the form of Deposit At Call Receipt (CDR) from any scheduled Bank in Pakistan or an unconditional bank guarantee on prescribed Proforma covered by any schedule bank in Pakistan. The Performance Bond shall be furnished within 45 days from the date of opening of Letter of Credit. It shall be valid for a period of 12 months after expiry of letter of credit. The same will be got extended upto 12 x months after successful FAT of the machines accordingly. If the Performance Bond is not furnished within the above mentioned prescribed time, the Purchaser reserves the right to cancel the contract and make other arrangements for purchase of the machine at the risk and expense of the Supplier.
- (b) No Performance Bond will be required if the total FOB value of the contract is less than US \$ 50,000 and contract is placed directly on the foreign supplier.

7. **FAILURE TO SUPPLY THE STORES**

All deliveries must be completed by the specified date. If the failure to deliver the stores within the scheduled time should have a risen from "Force Majeure", which the Purchaser may admit as reasonable ground for further time, he will allow such additional time as he may consider to have been required by the circumstances of the case. Otherwise, he will be entitled, at his discretion, to cancel the contract; and/or, claim liquidated damages upto 2% but not less than 1% of the contract price of the items and their quantities for each and every month or part of a month, beyond the specified delivery date, during which these may not be delivered, subject to a maximum of 10% of the total contract value of particular store which remained unsupplied either in part or in full or, to purchase, from elsewhere, the unsupplied stores at the risk and cost of the Supplier.

8. **PAYMENT**

Payment to the supplier will be made through irrecoverable letter of credit with the following terms and conditions:-

- i. 70% payment will be released through LC against shipping documents, including Acceptance Certificate signed by PSI team, confirming satisfactory pre-shipment inspection.
- ii. 30% payment will be paid through LC upon final acceptance subject to the following certifications signed by Inspection Team and MD-AA :-
  - a. Upon receipt of the machines in POF Wah Cantt along with all spares, tooling accessories, lubricant, software, manual standard / catalogue
  - b. Successful installation / commissioning of machines and issuance of FAT Certificate by POF.
  - c. Successful trial run and production of components on the machines as per FAT criteria.

All Bank charges incurred in Pakistan in connection with the establishment of LC will be borne by the Purchaser, whereas all Bank charges incurred in connection with drawing of payment including charges for confirmation of LC by the advising Bank/Foreign Bank will be borne by the Supplier.

Contd...

9. **ARBITRATION**

All matters of dispute or difference, except regarding rejection of stores by the inspector and / or cancellation of contract by the purchaser arising out of this agreement between the parties hereto, the settlement of which is not otherwise specially provided for in this agreement, shall be referred for adjudication to two arbitrators, one to be named by each party, who before entering upon the reference shall appoint an umpire by mutual agreements, and if they do not agree a judge of superior court shall appoint the umpire, the arbitration proceeding shall be held in Pakistan under the Pakistani law. The arbitration awards shall be un-spoken.

10. **SECURITY OF INFORMATION**

The tenderer and his employees must not communicate any information relating to the sale/purchase of stores under this enquiry to any person other than the manufacturer or to any press or agent not authorized in writing by POFs to receive it.

Please return the Schedule to the Tender duly signed by the specified date, along with the specifications drawings etc. if any, enclosed herewith - even if you are unable to quote.

**WARNING**

In case the firm abstain from making offers or fail to return/acknowledge the tender form by the specified date on three consecutive occasions, no further tender enquiry may be issued to them and their names would liable to be removed from the approved list.

**NOTE:**

Offers / bids through **Email & Fax** are not acceptable. The offers / bids must be submitted with warranty / guarantee certificate on firm's original letter head pad through **Mail / Courier**.

Yours faithfully,

**(Munir Ahmad Naper)  
Managing Director-AA**

For and on behalf of the President  
of Islamic Republic of Pakistan

## Specifications

### Nomenclature:

Bar Straightening Machine      Qty = 02 Nos

#### **i. Technical Specifications**

i.	Dia of Material	5mm (min) 80mm (max)
ii.	Material	Aluminum, Brass & Steel
iii.	Length of Bar	3 ~ 4 meter
iv.	Feeding Speed	2 ~ 20 m/min
v.	Surface Roughness	$Ra \leq 0.8$
vi.	Straightness	0.1 mm / meter

#### **ii. Machine Features**

- i. Manual & Auto Clamping of Bars
- ii. Manual & Auto Feeding
- iii. Centralized Automatic Lubrication system
- iv. Input Voltage Stabilization
- v. Neat Cutting Oil (Straight Oil)
- vi. Adjustable Rollers
- vii. Distance Scale
- viii. Speed Adjustments
- ix. Roller Degree Change
- x. Roller RPM 50 ~ 300

#### **iii. Accessories**

- i. Work Piece Catcher
- ii. Manual & Auto Handling System for Loading / Un-loading of Bars
- iii. Input Roller Conveyor
- iv. Machine Lamp
- v. 03 x Set of Rollers
- vi. Alarm System

#### **iv. Tooling**

01 x Tool Kit for running & planned maintenance of each machine

**v. Spares**

Electrical, Electronic & Mechanical spare parts for 5,000 operating hours of each machine

**vi. Documentation**

04 x sets of following documents for each machine in English are required:-

- i. Electric Sequence Control Circuit Diagram of machine
- ii. Technical details of motors and their control
- iii. Operating, maintenance and service manual
- iv. Drawing of cutting tool and equipment
- v. Machine layout diagram will be provided by the firm well before shipment of machine.
- vi. Hydraulic & Pneumatic Control Drawings

**vii. Site Condition & Available Services**

- i. The available electric system on site for functioning of the machine is:
  - 400 ± 5% VAC, 50Hz, 3 Phase, 4-Wire System
  - 230 ± 5% VAC, 50Hz, 1 Phase
- ii. The available compressed air supply on site for functioning of the machine is 6 bar.
- iii. The available climatic conditions for functioning of the machine are :
  - a. Temperature:
    - Winter = 0 to 20 °C
    - Summer = 30 to 50 °C
  - b. Relative Humidity = 15 to 90%
  - c. Earthquake Value = 8.5 on Richter scale

**viii. Safety**

Safety devices in accordance to international standards must include the followings:-

- i. Over Current Tripping System
- ii. Safety guards for rotary parts must be provided
- iii. Mechanical Overload Protection
- iv. Electric / Electronic Overload Protection
- v. The electric equipment should be earthed less than 01 ohm.
- vi. Equipment should have line protection circuit breakers with thermally delayed overload relays and or electro-magnetic quick-acting relays, as required. It should be followed by cut-out and safety fuses, if necessary.
- vii. All motors should be appropriately protected as per IP standard.
- viii. The industrial electrical measuring instruments, wherever used should have an accuracy of Class-I or better.

**ix. Operation Cycle Time**

Straightening of 100 x bars (min) per shift (07 Hrs) for each machine is required.

**x. Training**

- i. Free of cost training for 01 x week for 04 x POF Officials on programming, operation and maintenance at OEM's premises.
- ii. Air tickets, Boarding / Lodging and DA expenses in respect of Training teams would be borne by purchaser.

**xi. Pre-shipment Inspection**

- i. Pre-shipment inspection / acceptance of machines at OEM's premises will be conducted by 02 x POF Officials for 01 x week starting along with training team. The inspection team besides others will particularly carry out trial run of the machines and it will be considered acceptable subject to straightening of 100 x bars on each machine.
- ii. Inspection of produced components will be carried out through gauges, SMEs and through enlargement where required. Provisioning of applicable gauges will be made by purchaser whereas arrangements for SMEs and enlargement will be made by supplier.
- iii. Despatch of semi finished component / material, gauges for trial run of the machines at OEM's premises will be responsibility of the firm through firm's Local Rep.
- iv. Specified material will be used for production of components during PSI. The provisioning of material will be made by the OEM.
- v. Air tickets, Boarding / Lodging and DA expenses in respect of PSI teams would be borne by Purchaser.

**xii. Installation & Commissioning**

- i. Installation & commissioning of the machines is the responsibility of OEM.
- ii. POF will provide services and manpower to help during installation & commissioning.
- iii. All safety risks associated with installation & commissioning are the responsibility of OEM.
- iv. Needed material (Mechanical / Electrical) for installation & commissioning would be managed by the OEM.
- v. Machine layout diagram will be provided by the firm well before shipment of machines.
- vi. The OEM will provide information regarding time schedule and total man-weeks of its engineers / technicians required for installation, commissioning and trial production run of the machine. All expenses, including boarding & lodging, air travel and daily allowances of the officials are to be borne by the OEM. However, Local transportation shall be arranged by the purchaser.
- vii. During the warranty / guarantee period, any replacement of faulty machine part will be responsibility of the supplier. The supplier will provide machine part free of cost and without any obligation to the purchaser.
- viii. The machines after installation and commissioning shall be accepted on firm's warranty / guarantee. The warranty / guarantee shall be binding on the supplier for a period of 12 x months reckoning from the date of FAT of the machines.

**xiii. Final Acceptance Test**

- i. Final acceptance test will be performed at purchaser premises.
- ii. The machines will be run for trial to check abnormal noise, vibration, heat up, leakages etc.
- iii. 200 × Bars will be straightened on each machine. Material will be provided by Purchaser.
- iv. Based on successful inspection report, a certificate will be issued by purchaser in respect of successful installation and commissioning of the machines.
- v. The OEM will provide free of cost on job training on the machines to Officials at purchaser premises.

**xiv. Delivery Schedule**

- i. Delivery of the machines will be made within 06 × months after establishment of LC.
- ii. Delivery of the machines will be made on C&F basis.

**xv. Country of Origin**

Europe, UK, USA, Japan, South Korea & any other country manufacturing under the license of OEM.

**xvi. Colour**

Green RAL-6011

**SPECIAL CONDITIONS**

a) **TO BE FULFILLED AT THE TIME OF BIDDING / REPLY OF TENDER ENQUIRY**

- i. It may be confirmed that you will be able to obtain export license from your Govt. in the event of successful bidding.
- ii. OEM/authorized suppliers with company profile/brochure.
- iii. Performance of such type of machine supplied to various customer.
- iv. Item wise price of machine, equipment & accessories alongwith Electrical, Electronic for control and Mechanical Spare Parts for 02 x years running maintenance should be quoted as part of commercial offer (Part-II). Essential maintenance & operational spares shall be supplied and ensure backup support for provisioning of spares for 10 years.
- v. Reference Column 2.2 of Tender Enquiry Form No. 1262, any indication whatsoever of the price in Part-I of the quotation will render it invalid and void.
- vi. The supplier must fill in the Proforma of Technical Comparison enclosed as Annexure-'D' to the specifications and submit along with the technical offer for our instant evaluation.
- vii. The supplier will provide necessary brochures and technical literature alongwith Part-I of the offer (Technical Offer).
- viii. POF shall deal directly with the manufacturer / supplier of the machine. In case of manufacturer / supplier chooses to have a local agent, payment of agent's commission etc., shall be supplier's responsibility and shall not be included in the price quoted in Part-II of the offer (Commercial Quotation).

b) **CONDITIONS TO BE PART OF FORMAL CONTRACT AND MAY BE KEPT IN VIEW BEFORE BIDDING**

- i. 70% payment will be released through LC against shipping documents, including Acceptance Certificate signed by PSI team, confirming satisfactory pre-shipment inspection.
- ii. 30% payment will be paid through LC upon final acceptance subject to the following certifications signed by Inspection Team and MD-AA:-
  - a. Upon receipt of the machines in POF Wah Cantt along with all spares, tooling accessories, lubricant, software, manual standard / catalogue.
  - b. Successful installation & commissioning of machine at POF premises.
  - c. Successful trial run and production of components on the machines as per FAT criteria.
- iii. The manufacturer / supplier will train at his premises 04 x POF officials for 01 x Weeks on programming, operating and maintenance/troubleshooting of machine at OEM's premises free of cost.
- iv. Pre-shipment inspection / acceptance of machines at OEM's premises will be conducted by 02 x POF Officials for 01 x week starting along with training team. The inspection team besides others will particularly carry out trial run of the machines and it will be considered acceptable subject to straightening of 100 x bars on each machine.
- v. Inspection of produced components will be carried out through gauges, SMEs and through enlargement where required. Arrangement of applicable gauges will be made by purchaser whereas arrangements for SMEs and enlargement will be made by supplier.

- vi. Air tickets for both sides, boarding & lodging, inland transportation and provisioning of payment of Daily Allowance in respect of training & PSI teams will be borne by POF.
- vii. The manufacturer / supplier will ensure supply of foundation drawings and installation manual to the consignee at least two months before shipment of the machines.
- viii. The machines will be installed & commissioned at POF by the supplier's Engineers. The machines will be run 200 x Bars will be straightened on each machine. Material will be provided by POF. The inspection of produced components should be 100% acceptable.
- ix. The manufacturer/supplier will undertake regarding backup support for provisioning of Mechanical, Electrical & Electronic Spare Parts for 10 years maintenance after commissioning of the machines as and when required by POF. The undertaking shall be furnished by the firm in the shape of a certificate to be issued on the letter head of the firm alongwith the accepted copies of the contract (to be returned to the buyer).
- x. Four sets of document in English language operating manual, Electric Sequence Control Circuit Diagram of machine, Technical details of motors and their control, Operating, maintenance and service manual, Drawing of cutting tool and equipment, Machine layout diagram will be provided by the firm well before shipment of machine, Hydraulic & Pneumatic controls drawings, Operating maintenance and service manual in English. These manuals must include comprehensive instructions regarding Operation and Maintenance containing detailed Electrical, Electronic, of the machine supplied.
- xi. The manufacturer/supplier will provide performance bond in the shape of Bank Guarantee @ 10% of net FOB (LC) value which will be valid for 12 x months after the date of expiry of letter of credit. The same will be got extended upto 12 x months after successful FAT of the machines accordingly.
- xii. The spare parts will be properly tagged with Part No. / Serial No. for identification.
- xiii. The machine must be packed in seaworthy packing and protected adequately & appropriately to the mode of dispatch against damages from water or other substances during sea voyage and over land journey to withstand the rough handling involved in transit and provide proper preservation of the machine while held in storage by the consignee.
- xiv. The machine must include complete tool kit for running & planned maintenance of the machine.
- xv. POF will hold no responsibility for any damage occurred during shipment of the machine.
- xvi. The supplier will provide on letter head duly signed and stamped declaration of fees, commissions & brokerage etc. along with the accepted copies of the contract.
